The 5th and last event, held in Safi/Valletta (Malta), was conducted through Thematic Conferences, using ICT tools, round table, case studies, question time, interactive workshop, project work and cultural visit. It requires the active participation of citizens with attention to youngsters, experts, stakeholders, public administrations, cultural, social and economic actors, cultural heritage company, schools, university, citizens never involved in this kind of project.

The aim was to encourage the greatest number of citizens, especially young people, to discover and get involved in the debate related European Cultural Heritage of Europe, with application of ICT and with the aim to strengthen the sense of belonging to a common European area.

The motto of the European year 2018 was: "Our heritage: where the past meets the future".

Objectives of the project, in line with the priorities of Europe for Citizens program was to create a strong and long term transnational network open to the values of friendship, solidarity, intercultural dialogue and interaction between citizens with a bottom up approach.

The activities scheduled fostered a sense of ownership of the EU policies and promoted active participation, to build a tighter-knit Europe, according to the principles of active citizenship and participatory democracy.

All participants were actively involved in the development of a constructive dialogue on the topics, creating open debates and discussions through moments of question time and non-formal activities. It was kept in constant consideration the principle of non-discrimination, with particular attention to the inclusion of difficult groups and disadvantaged people.

The program was an opportunity for exchange of methodologies, interaction between representatives and citizens, in order to have cooperation in sustainable perspective and to ensure the widest possible public participation.

Therefore, participants have been encouraged to exchange opinions and best practices with the aim to formulate new ideas and concrete future proposals. At the closure of the event there was a final Evaluation and group reflection in order to receive the feedback from the participants.
